## EXPERIENCE

### Relie Tech Software Company Pondicherry

- I have successfully completed my 45 days internship in Relie Tech company, focusing on (web development). This experience has helped me enhance my skills in web technologies and gain practical exposure in a professional environment.

## PROJECTS

### Self Project

- Developed a modern, responsive personal portfolio website using HTML, CSS, and JavaScript.
- Showcased skills, academic background, and projects with an animated UI and futuristic design elements.

### GradeMaster Project

- Currently developing a College Academic Marks Manager, a web-based tool to manage student records, marks entry, and percentage/result generation.
- Implemented dynamic data input forms, subject-wise mark handling, and user-friendly result output.
